Code42 University
All-Access Education Pass

Code42 University's All-Access Education Pass (AAEP) is the most effective way for Code42 administrators to attain the skills necessary to configure and maintain Code42 enterprise software. The AAEP is an annual subscription that offers one named learner unlimited 12-month access to the entire Code42 University course catalog via a dynamic online learning platform, including on-demand sessions as well as instructor-led classes with hands-on labs.

FEATURE	BENEFIT
• Instructor-led virtual or classroom courses • On-demand learning • Progressive content • Annual subscription • Evolution pass • "How To" Video Library	• Interactive sessions with hands-on labs to experiment with the latest versions of Code42 software in a controlled environment • Continuing education on the learner's schedule, available 24/7 • Frequent content updates to keep skills current • Predictable yearly budgeting of cost-effective education subscription • Complimentary conference pass and pre-conference education sessions • Short and embeddable how-to videos for use by help desk and end users

Code42 Essentials System Configuration for Administrators
• 3-day instructor-led, interactive course
• Delivered in classroom or virtually via GoToTraining
• Hands-on lab activities
• Monthly classroom or virtual session

Code42 Architecture Authority Server Configuration and Integration
• 1-day instructor-led, interactive course
• Delivered in classroom or virtually via GoToTraining
• Hands-on lab activities
• Monthly classroom or virtual session

On-Demand Learning
• 120+ sessions
• Portfolio content updated monthly

Practical Certification Exams
• Code42 Administration certification
• Code42 Help desk certification

Subscription Restrictions
• Code42 AAEP is a per-user subscription
• Code42 AAEP cannot be shared between users and is non-transferable
• Each learner must have his/her own login and subscription
